

Locker

Electronic lock for cabinets

RFID/BLEETOOTH® ELECTRONIC LOCK FOR CABINETS AND LOCKERS

For office, gym, swimming pool

Locker can be installed on a wide range of cabinets and lockers in order to keep people's property safe while they're in the office, the gym, swimming pool, or any other situation where personal belongings need to be temporarily safeguarded.

Automatic locking

By closing the door of the cabinet, Locker will automatically lock. Locker is battery powered allowing easy installation in new lockers or retrofit in existing lockers currently operated by keys.

Product features

- Automatic locking just pulling the door ajar
- Battery-operated device with charge status detection
- Wake up by RFID card detection or phone (patented)
- Low energy consumption device
- Real Time Clock/Calendar
- Four-eye principle (two valid credentials must be presented in sequence to open the lock)
- Anti passback function
- Light and acoustic signals
- Permanently open mode (office mode) without extra battery consumption
- Software upgradeable on-site via Bluetooth® phone (Stand Alone)
